**Location:** National Travel (National Office, Stockwood Business Park)

**Job Type:** Permanent

**Working Pattern:** Full Time 37.5 hours per week with plentiful opportunity for overtime

**Benefits:** Competitive salary, workplace pension, ongoing career progression, Company events

## **Job Description**

The water consultant role provides opportunity for a motivated individual with consultancy experience to join our team of experts and industry leaders.

This role provides a diverse and stimulating opportunity for site-based work; including Legionella & Pseudomonas risk assessments, technical reports, inspections, audits and analysis across a variety of sectors including; NHS, Health and Social Care, Universities and the Hospitality industry.

The water consultant role is an integral to supporting clients by delivering services from within our high quality and innovative product set. The successful candidate will work within the experienced Service Operative Team, reporting progress to Project Managers who have a strong technical understanding of our products, services, and legislative regulations and guidelines.

Managed by our approachable Operations Team, Aqua Protec uses pioneering Mobile Workforce Management software to plan and manage the daily schedule of Service Operatives within the team, utilising tablet PCs for dispatch, navigation, recording work completed on-site, managing timesheets and expenses and communication.

Through the Company's Skills Development Programme, the successful candidate will be trained and mentored in key areas as required, ensuring thorough support in developing; understanding of the Company including its values and policies, software and practical understanding and gain experience in Consultancy completing onsite audits and collating technical survey reports in collaboration with Project Managers.

Successful applicants will receive Covid-19 awareness training including the correct use of PPE and complete an individual worker Covid-19 Risk Assessment.

This role offers opportunity to specialise in delivering our Consultancy Services which are all sold and delivered in line with LCA (Legionella Control Association) Service Delivery Standards.

## The Company

Our ethos is to deliver services to the highest industry standards. We are looking for ambitious and conscientious individuals to join our team of experts to provide the NHS and other areas of the Health and Social care sector with our gold standard services.

Established in 1990, the Company has provided products and services in the water industry for over thirty years. Our growing workforce are recognised for exceptional customer care, providing high quality products and punctual service delivery to our clients.

We are committed to recruiting individuals to our team who share our ethos and want to work towards achieving our Company vision, ensuring that the building users of our clients, for example, patients, students, families and workers, are safe from Waterborne Pathogens. At Aqua Protec we work together to exceed our Customers' expectations by; doing what we say we will do, looking after ourselves and others, investing in relationships, communicating openly and honestly, developing innovative ideas and solutions and always delivering and excellent service. We expect our team members to share our values demonstrating a genuine commitment and ability to work in this way.

Aqua Protec is committed to enrolling all personnel on our Skills Development Programme. The Skills Development Programme is a pathway designed to assist you in maximising your potential. No matter where you are in your career.
